

Christmas '86

THE MAKING OF A MEMORY

*“C*hristmas is a very special time for our Delancey Street family of 600. It is a time when our people, who have taken so much in their past, can experience the personal joy of giving. I choose every single gift for each of our family members. For some, they are the first Christmas gifts ever received. Even more rewarding, however, is that the residents choose, wrap and deliver more than 10,000 toys to needy children throughout the Bay Area.”
