

THE THRILL OF THE HUNT

By all accounts from children and parents, this year's April 15 Easter Egg Hunt was a tremendous success! A last minute change of venue – holding the event near the playground – seemed to benefit those whose Easter candy sugar-high energy could be released on the east park playground equipment.

Many thanks go to our Delancey Street neighbors who made it all possible by creating games, donating prizes, sharing home-made treats, and donating their time and delight with neighborhood children. Many Delancey Street residents aren't able to be with their own children, and their generosity of spirit transcends their own situations. If you enjoyed the Easter Egg Hunt festivities, please share your personal thanks with Delancey Street residents at 811 North Elm Street.
